**MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION**

**(Department of Consumer Affairs)**

New Delhi, the 28th June, 2010

**S.O. 1869.**—Whereas the Central Government, after considering the report submitted to it by the prescribed authority, is satisfied that the Model described in the said report (see the figure given below) is in conformity with the provisions of the Standards of Weights and Measures Act, 1976 (60 of 1976) and the Standards of Weights and Measures (Approval of Models) Rules, 1987 and the said Model is likely to maintain its accuracy over periods of sustained use and to render accurate service under varied conditions;

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the Model of Discontinuous Totalizing Automatic weighing instrument (Totalizing Hopper Weigher-Batching Plant) with digital indication and of Accuracy class-0.2, series "SHW-05" and with brand name "SHREEJI" (hereinafter referred to as the said model), manufactured by M/s. Shreeji Controls, 703, Jatan Apartments, Malad (E), Datta Mandir Road, Mumbai-400 097 and which is assigned the approval mark IND/09/08/236;

The said Model is a strain gauge type load cell based Discontinuous Totalizing Automatic weighing instrument (Totalizing Hopper Weigher-Batching Plant) with a maximum capacity of 300kg and minimum capacity of 5 kg. The verification scale interval (e) is 50g. The machine is designed for weighing and filling the various ingredient used in RMC cement batching plant etc. The Light Emitting Diode (LED) indicates the weighing results. The instrument operates on 230 Volts, 50Hertz alternative current power supply.

Sealing is done by making holes in the indicator at the bottom plate and front of the indicator, then a sealing wire is passed through these holes and a lead seal is fixed on the wire to prevent the opening of the indicator. A typical schematic diagram of sealing provision of the model is given above.

Further, in exercise of the power conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said Model shall also cover the weighing instruments of similar make, accuracy and performance of same series with capacity in the range of 50 kg. to 5000 kg. manufactured by the same manufacturer in accordance with the same principle, design and with the same material with which, the said approved model has been manufactured.

का.आ. 1870.—केन्द्रीय सरकार का, विहित प्राधिकारी द्वारा उसे प्रस्तुत रिपोर्ट पर विचार करने के पश्चात् यह समाधान हो गया है कि उक्त रिपोर्ट में वर्णित मॉडल (नीचे दी गई आकृति देखें) बाट और माप मानक अधिनियम, 1976 (1976 का 60) तथा बाट और माप मानक (मॉडलों का अनुमोदन) नियम, 1987 के उपबंधों के अनुरूप हैं और इस बात की संभावना है कि लगातार प्रयोग की अवधि में भी उक्त मॉडल यथार्थता बनाए रखेगा और विभिन्न परिस्थितियों में उपयुक्त सेवा प्रदान करता रहेगा;

अतः, अब, केन्द्रीय सरकार, उक्त अधिनियम की धारा 36 की उप-धारा (7) और उप-धारा (8) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, मैसर्स श्रीजी कंट्रोल्स, 703, जतन अपार्टमेंट, मलाड (ई), दत्ता मंदिर रोड, मुबई-400 097 द्वारा विनिर्मित यथार्थता वर्ग 0.2 वाले "एसएचडब्ल्यू-01" शृंखला के डिस्कटिन्यूअस टोटलाइजिंग स्वचालित तोलन उपकरण (टोटलाइजिंग हुपर व्हीयर-बेचिंग प्लांट) अंकक सूचन सहित, के मॉडल का, जिसके ब्रांड का नाम "श्रीजी" है (जिसमें इसमें इसके पश्चात् उक्त मॉडल कहा गया है) और जिससे अनुमोदन चिह्न आई एन डी/09/08/237 समनुदेशित किया गया है, अनुमोदन प्रमाण-पत्र जारी करती है।

उक्त मॉडल एक विकृत गेज प्रकार का भार सेल आधारित डिस्कटिन्यूअस टोटलाइजिंग स्वचालित तोलन उपकरण (टोटलाइजिंग हुपर व्हीयर-बेचिंग प्लांट) है। इसकी अधिकतम क्षमता 1000 कि.ग्रा. है और न्यूनतम क्षमता 10 कि.ग्रा. है और सत्यापन मापमान अंतराल (ई) 100 ग्रा. है। उक्त मशीन को आर एम सी सीमेंट बेचिंग प्लांट आदि में विभिन्न इंग्रिडेंट्स को तोलने और भरने के लिए डिजाइन किया गया है। प्रकाश उत्सर्जक डायोड (एल ई डी) प्रदर्श तोलन परिणाम उपदर्शित करता है। उपकरण 230 वोल्ट और 50 हर्ट्ज प्रत्यावर्ती धारा विद्युत प्रदाय पर कार्य करता है।

इंडीकेटर की बॉटम प्लेट और फ्रंट में छेद करके, इन छेदों से एक सीलिंग वायर निकाली जाती है और इंडीकेटर को खोले जाने से रोकने के लिए वायर पर लीड सील लगाई जाती है। मॉडल को सीलबंद करने के उपबंध का एक प्ररूपी योजनाबद्ध डायग्राम ऊपर दिया गया है।

और केन्द्रीय सरकार उक्त अधिनियम की धारा 36 की उप-धारा (12) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, यह घोषणा करती है कि उक्त मॉडल के अनुमोदन के इस प्रमाण-पत्र के अंतर्गत उसी विनिर्माता द्वारा उसी सिद्धांत, डिजाइन के अनुसार और उसी सामग्री से जिससे उक्त अनुमोदित मॉडल का विनिर्माण किया गया है, विनिर्मित उसी शृंखला के वैसे ही मेक, यथार्थता और कार्यपालन के तोलन उपकरण भी होंगे जिनकी क्षमता 50 कि.ग्रा. से 5000 कि.ग्रा. तक की रेंज में है।

**S.O. 1870.**—Whereas the Central Government, after considering the report submitted to it by the prescribed authority, is satisfied that the Model described in the said report (see the figure given below) is in conformity with the provisions of the Standards of Weights and Measures Act, 1976 (60 of 1976) and the Standards of Weights and Measures (Approval of Models) Rules, 1987 and the said Model is likely to maintain its accuracy over periods of sustained use and to render accurate service under varied conditions;

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the model of Discontinuous Totalizing Automatic weighing instrument (Totalizing Hopper Weigher-Batching Plant) with digital indication and of Accuracy class-0.2, series "SHW-01" and with brand name "SHREEJI" (hereinafter referred to as the said model), manufactured by M/s. Shreeji Controls, 703, Jatan Apartments, Malad (E), Datta Mandir Road, Mumbai-400 097 and which is assigned the approval mark IND/09/08/237;

The said Model is a strain gauge type load cell based Discontinuous Totalizing Automatic weighing instrument (Totalizing Hopper Weigher-Batching Plant) with a maximum capacity of 1000 kg and minimum capacity of 10 kg. The verification scale interval (e) is 100g. The machine is designed for weighing and filling the various ingredient used in RMC cement batching plant etc. The Light Emitting Diode (LED) indicates the weighing results. The instrument operates on 230 Volts, 50Hertz alternative current power supply.

Sealing is done by making holes in the indicator at the bottom plate and front of the indicator, then a sealing wire is passed through these holes and a lead seal is fixed on the wire to prevent the opening of the indicator. A typical schematic diagram of sealing provision of the model is given above.

Further, in exercise of the power conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said model shall also cover the weighing instruments of similar make, accuracy and performance of same series with capacity in the range of 50 kg. to 5000 kg. manufactured by the same manufacturer in accordance with the same principle, design and with the same material with which, the said approved model has been manufactured.

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the model of non-automatic weighing instrument (Platform type) with digital indication of medium accuracy (Accuracy Class-III) of series "KEWS-PF" and with brand name "KOHINOOR" (hereinafter referred to as the said model), manufactured by M/s. Korpe Precision Scales Pvt. Ltd., Shed No. 7, Khasra No. 117, Village Raipur, Bhagwanpur Tehsil, Roorkee-247 667, Uttarakhand and which is assigned the approval mark IND/09/08/473;

The said model is a strain gauge type load cell based non-automatic weighing instrument (Platform type) with a maximum capacity of 1000 kg. and minimum capacity of 4 kg. The verification scale interval(e) is 200 g. It has a tare device with a 100 per cent subtractive retained tare effect. The Light Emitting Diode (LED) display indicates the weighing results. The instrument operates on 230 Volts, 50 Hertz alternative current power supply.

For sealing top cover is welded with two studs from inside having one cross hole (on each stud) through which a twisted wire is tied and sealed during stamping. A typical schematic diagram of sealing provision of the model is given above.

Further, in exercise of the power conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said model shall also cover the weighing instruments of similar make, accuracy and performance of same series with maximum capacity above 50 kg. and up to 5000 kg. with verification scale interval (n) in the range of 500 to 10,000 for 'e' value of 5g. or more and with 'e' value of  $1 \times 10^k$ ,  $2 \times 10^k$  or  $5 \times 10^k$ , where k is a positive or negative whole number or equal to zero manufactured by the same manufacturer in accordance with the same principle, design and with the same materials with which, the said approved model has been manufactured.

Laxmi Metal Industries 15, Manu Panchal Estate, Nr Indira Nagar Amraiwadi, Ahmedabad-380026 and which is assigned the approval mark IND/09/09/446 ;

The said Model is a strain gauge type load cell based non- automatic weighing instrument (Electronic Weighbridge ) with a maximum capacity of 40 tonne and minimum capacity of 100 kg. The verification scale interval (e) is 5kg. It has a tare device with a 100 percent subtractive retained tare effect. The Light Emitting diode (LED) indicates the weighing results. The instrument operates on 230 Volts, 50Hertz alternative current power supply.

The Sealing is done through the holes made in bottom and top plate of the scale, than sealing wire is passed through these holes. Sealing shall be done to prevent opening of the weighing machine for fraudulent practice. A typical schematic diagram of sealing provision of the model is given above.

The instrument has external control to calibration. A dip switch has also been provided in A/D card/ mother board to disable access to external calibration.

Further, in exercise of the power conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said Model shall also cover the weighing instruments of similar make, accuracy and performance of same series with maximum capacity above 5 tonne and upto 150 tonne with verification scale interval (n) in the range of 500 to 10000 for 'e' value 5g. or above and with 'e' value of  $1 \times 10^k$ ,  $2 \times 10^k$  or  $5 \times 10^k$ , where k is a positive or negative whole number or equal to zero manufactured by the same manufacturer in accordance with the same principle, design and with the same materials with which, the said approved model has been manufactured.

का.आ. 1879.—केन्द्रीय सरकार का, विहित प्राधिकारी द्वारा उसे प्रस्तुत रिपोर्ट पर विचार करने के पश्चात् यह समाधान हो गया है कि उक्त रिपोर्ट में वर्णित मॉडल (नीचे दी गई आकृति देखें) बाट और माप मानक अधिनियम, 1976 (1976 का 60) तथा बाट और माप मानक (मॉडलों का अनुमोदन) नियम, 1987 के उपबंधों के अनुरूप है और इस बात की संभावना है कि लगातार प्रयोग की अवधि में भी उक्त मॉडल यथार्थता बनाए रखेगा और विभिन्न परिस्थितियों में उपयुक्त सेवा प्रदान करता रहेगा;

अतः, अब, केन्द्रीय सरकार, उक्त अधिनियम की धारा 36 की उप-धारा (7) और उप-धारा (8) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, मैसर्स लक्ष्मी मेटल इंडस्ट्रीज 15, मनु पंचाल एस्टेट, नियर इंदिरा नगर अमरायवाडी अहमदाबाद-380026 द्वारा विनिर्मित मध्यम यथार्थता वर्ग (यथार्थता वर्ग-III) वाले "एपीटी-212" शृंखला के अंकक सूचन सहित, अस्वचालित तोलन उपकरण (टेबलटॉप टाइप) के मॉडल का, जिसके ब्रांड का नाम "एप्टेक" है (जिसे इसमें इसके पश्चात् उक्त मॉडल कहा गया है) और जिसे अनुमोदन चिह्न आई एन डी/09/09/444 समनुदेशित किया गया है, अनुमोदन प्रमाण-पत्र जारी करती है।

उक्त मॉडल एक विकृत गेज प्रकार का भार सेल आधारित अस्वचालित तोलन उपकरण (टेबलटॉप टाइप) है। इसकी अधिकतम क्षमता 30 कि. ग्रा. और न्यूनतम क्षमता 100 ग्रा. है। सत्यापन मापमान अंतराल (ई) 5 ग्रा. है। इसमें एक आधेयतुलन युक्ति है जिसका शत प्रतिशत व्यकलनात्मक धारित आधेयतुलन प्रभाव है। प्रकाश उत्सर्जक डायोड (एल ई डी) प्रदर्श तोलन परिणाम उपदर्शित करता है। उपकरण 230 वोल्ट और 50 हर्ट्ज प्रत्यावर्ती धारा विद्युत प्रदाय पर कार्य करता है।

स्केल के बाटम और टॉप प्लेट बाडी में बने छेदों में से सीलिंग वायर निकाल कर सीलिंग की जाती है। कपटपूर्ण व्यवहारों के लिए मशीन को खोले जाने से रोकने के लिए सीलिंग की जाती है। माडल को सीलबंद करने के उपबंध का एक प्ररूपी योजनाबद्ध डायग्राम उपरोक्त दिया गया है।

उपकरण में केलिब्रेशन के लिए बाहरी पहुंच हैं। बाहरी केलिब्रेशन तक पहुंच को रोकने के लिए ए/डी कार्ड/मदरबोर्ड में डिप स्विच भी दिया गया है।

और केन्द्रीय सरकार उक्त अधिनियम की धारा 36 की उप-धारा (12) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, यह घोषणा करती है कि उक्त मॉडल के अनुमोदन के इस प्रमाण-पत्र के अंतर्गत उसी विनिर्माता द्वारा उसी सिद्धांत, डिजाइन के अनुसार और उसी सामग्री से जिससे उक्त अनुमोदित मॉडल का विनिर्माण किया गया है, विनिर्मित उसी शृंखला के वैसे ही मेक, यथार्थता और कार्यपालन के तोलन उपकरण भी होंगे जो 1 मि. ग्रा. से 50 मि.ग्रा. तक के "ई" मान के लिए 100 से 10,000 तक की रेंज में सत्यापन मापमान अंतराल (एन) और 100 मि.ग्रा. या उससे अधिक के "ई" मान के लिए 500 से 10,000 तक की रेंज में सत्यापन मापमान अंतराल (एन) सहित 50 कि.ग्रा. तक की अधिकतम क्षमता वाले हैं और "ई" मान  $1 \times 10^{-6}$ ,  $2 \times 10^{-6}$ ,  $5 \times 10^{-6}$ , के हैं, जो धनात्मक या ऋणात्मक पूर्णांक या शून्य के समतुल्य हैं।

New Delhi, the 15th, July, 2010

**S.O. 1879.**—Whereas the Central Government, after considering the report submitted to it by the prescribed authority, is satisfied that the Model described in the said report (see the figure given below) is in conformity with the provisions of the Standards of Weights and Measures Act, 1976 (60 of 1976) and the Standards of Weights and Measures (Approval of Models) Rules, 1987 and the said Model is likely to maintain its accuracy over periods of sustained use and to render accurate service under varied conditions;

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the model of non-automatic weighing instrument (Table top type) with digital indication of Medium Accuracy (Accuracy class-III) of series "APT-212" and with brand name "APTECH" (hereinafter referred to as the said model), manufactured by M/s. Laxmi Metal Industries 15, Manu Panchal Estate, Nr Indira Nagar Amraiwadi, Ahmedabad -380026 which is assigned the approval mark IND/09/09/444;

The said Model is a strain gauge type load cell based non-automatic weighing instrument (Table top type) with a maximum capacity of 30 Kg. and minimum capacity of 100 g. The verification scale interval (e) is 5g. It has a tare device with a 100 per cent subtractive retained tare effect. The Light Emitting diode (LED) display indicates the weighing results. The instrument operates on 230 Volts, 50Hertz alternative current power supply.

The Sealing is done through the holes made in bottom and top plate of the scale, than sealing wire is passed through these holes. Sealing shall be done to prevent opening of the weighing machine for fraudulent practice. A typical schematic diagram of sealing provision of the model is given above.

The instrument has external control to calibration. A dip switch has also been provided in A/D card / mother board to disable access to external calibration.

Further, in exercise of the powers conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said Model shall also cover the weighing instrument of similar make, and performance of same series with maximum capacity up to 50Kg. and with number of verification scale interval (n) in the range of 100 to 10000 for 'e' value 1 mg. to 50 mg. and with number of verification scale interval (n) in the range of 500 to 10,000 for 'e' value of 100mg. or more and with 'e' value  $1 \times 10^k$ ,  $2 \times 10^k$  or  $5 \times 10^k$ , k being the positive or negative whole number or equal to zero, manufactured by the same manufacturer in accordance with the same principle, design and with the same materials with which, the said approved model has been manufactured.

**S.O. 1883.**—Whereas the Central Government, after considering the report submitted to it by the prescribed authority, is satisfied that the Model described in the said report (see the figure given below) is in conformity with the provisions of the Standards of Weights and Measures Act, 1976 (60 of 1976) and the Standards of Weights and Measures (Approval of Models) Rules, 1987 and the said Model is likely to maintain its accuracy over periods of sustained use and to render accurate service under varied conditions;

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the model of non-automatic Weighing instrument (Spring Balance-Pan & Dial Type) with analogue indication of ordinary Accuracy (Accuracy class-III) of series "GKM" and with brand name "GANGA" (hereinafter referred to as the said model), manufactured by M/s Xin Shi Dai Ltd, Unit R I/F, Maulam Street, Jordan, Kowloon, Hongkong and sold in India without any alteration or additions by M/s. Shubh Weighing Scales, 5050, Sirkiwalan, Hauz Quazi, Delhi 110006 and which is assigned the approval mark IND/09/09/467;

The said Model a spring based mechanical non-automatic weighing instrument (Spring Balance-Pan & Dial Type) with a maximum capacity of 5 Kg. and minimum capacity of 200g. The verification scale interval (e) is 20g. The indication of analogue type on a dial indicator.

The base and upper body of the scale is being sealed by sealing wire and stud from the opposite corner where the verification stamp is to be placed. The instrument cannot be opened without tampering the seal. A typical schematic diagram of sealing provision of the model is given above.

Further, in exercise of the power conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said Model shall also cover the weighing instruments of similar make, accuracy and performance of same series with maximum capacity up to 10 kg. with verification scale interval (n) in the range of 100 to 1000 for 'e' value 5g. or more and with 'e' value of  $1 \times 10^k$ ,  $2 \times 10^k$  or  $5 \times 10^k$ , where k is a positive or negative whole number or equal to zero manufactured by the same manufacturer in accordance with the same principle, design and with the same materials with which, the said approved model has been manufactured.

का.आ. 1884.—केन्द्रीय सरकार का, विहित प्राधिकारी द्वारा उसे प्रस्तुत रिपोर्ट पर विचार करने के पश्चात् यह समाधान हो गया है कि उक्त रिपोर्ट में वर्णित मॉडल (नीचे दी गई अंकित है) धातु और माप मानक अधिनियम, 1976 (1976 का 60) तथा बाट और माप मानक (मॉडलों का अनुमोदन) नियम, 1987 के उपबंधों का अनुषंग है और इस बात की संभावना है कि लगातार प्रयोग की अवधि में भी उक्त मॉडल यथार्थता बनाए रखेगा और विभिन्न परिस्थितियों में उपयुक्त सेवा प्रदान करता रहेगा;

अतः, अब, केन्द्रीय सरकार, उक्त अधिनियम की धारा 36 की उप-धारा (7) और उप-धारा (8) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, मैसर्स ज़ोन शी डाय लिमिटेड, यूनिट आर 1/एफ, मौलम स्ट्रीट, जोर्डन, कोवलून, हांगकांग द्वारा विनिर्मित साधारण यथार्थता (यथार्थता वर्ग-II) वाले "जीसीएम" शृंखला के अस्वचालित एनालॉग सूचन सहित तोलन उपकरण (स्प्रिंग बैलेंस हैंगिंग एंड डायल टाइप), जिसके ब्राण्ड का नाम "गंगा" है (जिसे इसमें इसके पश्चात् उक्त मॉडल कहा गया है) और जिसे मैसर्स शुभ वेडिंग स्केल, 5050, सिरकीवाला, हौज काजी, दिल्ली-110006 द्वारा बिना किसी बदलाव या जुड़ाव के भारत में बिक्रीत किया गया है जिसे अनुमोदन चिह्न आई एन डी/09/09/468 समनुदेशित किया गया है, अनुमोदन प्रमाण पत्र जारी करती है।

उक्त मॉडल स्प्रिंग आधारित मैकेनिकल अस्वचालित तोलन उपकरण (स्प्रिंग बैलेंस हैंगिंग एंड डायल टाइप) है। इसकी अधिकतम क्षमता 100 कि.ग्रा. और न्यूनतम 5 कि. ग्रा. है। स्थापन मापमान अंतराल (ई) 500 ग्रा. है। सूचन एनालॉग टाइप का है जो डायल इंडीकेटर पर है।

स्केल के विपरीत कोन पर जंहा स्थापना करने लगाया गया है, सीलिंग वायर और स्टेड से बेस और अपर बाडी को सीलिंग किया गया है। सील से छेड़छाड़ किए बिना उपकरण को खोलना नहीं जा सकता। मॉडल को सीलबंद करने के उपबंध का एक प्ररूपी योजनाचित्र दायग्राम उपरोक्त दिया गया है।

और केन्द्रीय सरकार उक्त अधिनियम की धारा 36 की उप-धारा (12) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, यह घोषणा करती है कि उक्त मॉडल के अनुमोदन के इस प्रमाण-पत्र के अंतर्गत उसी विनिर्माता द्वारा उसी सिद्धांत, डिजाइन के अनुसार और उसी सामग्री से जिसमें उक्त अनुमोदित मॉडल का विनिर्माण किया गया है, विनिर्मित उसी शृंखला के वैसे ही मेक, यथार्थता और कार्यपालन के तोलन उपकरण भी होंगे जो 5 ग्रा. या उससे अधिक के "ई" मान के लिए 100 से 1000 तक की रेंज में स्थापन मापमान अंतराल (एन) सहित 150 कि.ग्रा. तक की अधिकतम क्षमता वाले हैं और "ई" मान  $1 \times 10^{-3}$ ,  $2 \times 10^{-3}$  और  $5 \times 10^{-3}$  के हैं, जो धनात्मक या ऋणात्मक पूर्णांक या शून्य के समतुल्य हैं।

कानून, 1885.—केंद्रीय सरकार द्वारा विद्यमान प्राधिकारी द्वारा उसे प्रस्तुत रिपोर्ट या विवरण के अनुसार परीक्षा यह समाधान के अनुसार उक्त रिपोर्ट में वर्णित माडल (गोले की चार्ज या अन्य देखें) बाट और माप मानक अधिनियम, 1976 (1976 का 60) तथा बाट माप मानक (मॉडलों का अनुमोदन) नियम, 1977 के अन्तर्गत है और इस बात की संभावना है कि लगातार प्रयोग की अवधि में प्रयोग के यथार्थता बनाए रखेगा और विभिन्न परिस्थितियों में उपयुक्त सेवा प्रदान करता रहेगा;

अतः अब, केंद्रीय सरकार, उक्त अनुमोदन की धारा 36 की उप-धारा (7) और उप-धारा (8) द्वारा प्रदत्त शक्तियों का प्रयोग कर, मैसर्स जीन सी डाय लिमिटेड, इनिट और एडम, मोल्म स्ट्रीट, जोर्डन, कोवलून, हांगकांग द्वारा विनिर्मित साधारण यथार्थता (यथार्थता III) वाले "जीएचएम" शृंखला के आधाधारित मापमान सूचक सहित तोलन उपकरण (सिंगर बैलेंस हेंगिंग एंड डायल टाइप), जिसके प्राथमिक नाम "गंगा" है (जिसे इसमें इसका परमाणु नाम भी दिया कहा गया है) और जिसे मैसर्स शुभ वेइंग स्कोल, 3050, सिड्डीकीर्तन रोड, नई दिल्ली-110006 द्वारा बिना किसी कटौत के मुद्रांक के भारत में विक्रीत किया गया है जिसे अनुमोदन नंबर आई एन एसएमएल 100 प्रदान किया गया है, अनुमोदन प्रमाण पत्र जारी करेगा।

उक्त मॉडल सिंगर आधारित मैकलीकरण मापमानित तोलन उपकरण (सिंगर बैलेंस हेंगिंग एंड डायल टाइप) है जिसकी अधिकतम क्षमता 100 कि.ग्रा. और न्यूनतम 10 कि.ग्र. के बीच मापमान मापमान अंतराल (ई) 1 कि.ग्र. है। सुस्पष्ट मापमान और मापमान के मापमान अंतराल है।

इसका उपयोग करने के लिए, इसे एक स्थान पर लटकाया गया है, सोलियम वायर और स्प्रिंग के साथ और अपर बाड़ी को मोड़कर एक स्थान से दूसरे स्थान पर ले जाया जा सकता है। मॉडल को सीलबंद करने की प्रक्रिया का एक प्ररूपी योजनाद्वारा अनुमोदन दिया गया है।

और केंद्रीय सरकार द्वारा केंद्रीय प्राधिकारी की उप-धारा (12) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, यह घोषणा करता है कि उक्त मॉडल में अनुमोदन के द्वारा प्रमाणित किया गया है कि इसी विनिर्माता द्वारा उसी सिद्धांत, डिजाइन के अनुसार और उसी मापमान के अनुसार उक्त अनुमोदित मापमान का विनिर्माण किया गया है। इसी शृंखला के वैसे ही मेक, यथार्थता और कार्यपालन के तोलन उपकरण भी, जो 5 ग्राम. या उससे अधिक के "ई" मापमान अंतराल में 100 तक की रेंज में स्थापन मापमान अंतराल (एन) सहित 150 कि.ग्र. तक का अधिकतम क्षमता वाला है और जिसकी मापमान अंतराल 10<sup>-6</sup>, 5-10<sup>-6</sup>, के हैं, जो धनात्मक या ऋणात्मक पूर्णांक या शून्य के समतुल्य है।

का.आ. 1886.—केन्द्रीय सरकार का, विहित प्राधिकारी द्वारा उसे प्रस्तुत रिपोर्ट पर विचार करने के पश्चात् यह समाधान हो गया है कि उक्त रिपोर्ट में वर्णित मॉडल (नीचे दी गई आकृति देखें) बाट और माप मानक अधिनियम, 1976 (1976 का 60) तथा बाट और माप मानक (मॉडलों का अनुमोदन) नियम, 1987 के उपबंधों के अनुरूप है और इस बात की संभावना है कि लगातार प्रयोग की अवधि में भी उक्त मॉडल यथार्थता बनाए रखेगा और विभिन्न परिस्थितियों में उपयुक्त सेवा प्रदान करता रहेगा;

अतः, अब, केन्द्रीय सरकार, उक्त अधिनियम की धारा 36 की उप-धारा (7) और उप-धारा (8) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, मैसर्स प्रेम इंडस्ट्रीज, जीआई-18 रिको इंडस्ट्रियल एरिया, खारा, बीकानेर-334 001 द्वारा विनिर्मित मध्यम यथार्थता (यथार्थता वर्ग III) वाले "डब्ल्यू बी टी-30" शृंखला के अंकक सूचन सहित, अस्वचालित तोलन उपकरण (वेब्रिज टाइप) के मॉडल का, जिसके ब्राण्ड का नाम "चेतक इंडिया" है (जिसे इसमें इसके पश्चात् उक्त मॉडल कहा गया है) और जिसे अनुमोदन चिह्न आई एन डी/09/09/420 समनुदेशित किया गया है, अनुमोदन प्रमाण पत्र जारी करती है।

उक्त मॉडल एक विकृत गेज प्रकार का भार सेल आधारित अस्वचालित तोलन उपकरण (वेब्रिज टाइप) है। इसकी अधिकतम क्षमता 30 टन और न्यूनतम क्षमता 100 कि.ग्रा. है। सत्यापन मापमान अन्तराल (ई) 5 कि.ग्रा. है। इसमें एक आधेयतुलन युक्ति है जिसका शत प्रतिशत व्यकलनात्मक धारित आधेयतुलन प्रभाव है। प्रकाश उत्सर्जक डायोड (एल ई डी) प्रदर्श तोलन परिणाम उपदर्शित करता है। उपकरण 230 वोल्ट और 50 हर्ट्ज प्रत्यावर्ती धारा विद्युत प्रदाय पर कार्य करता है।

इंडीकेटर में बनाए गए छेदों में सीलिंग की जाती है, फिर इन छेदों में से एक वायर निकाला जाता है और वायर पर लीड सील लगाई जाती है। मॉडल को सीलबंद करने के उपबंध का एक प्ररूपी योजनाबद्ध डायग्राम उपरोक्त दिया गया है।

और केन्द्रीय सरकार उक्त अधिनियम की धारा 36 की उप-धारा (12) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, यह घोषणा करती है कि उक्त मॉडल के अनुमोदन के इस प्रमाण-पत्र के अंतर्गत उसी विनिर्माता द्वारा उसी सिद्धांत, डिजाइन के अनुसार और उसी सामग्री से जिससे उक्त अनुमोदित मॉडल विनिर्माण किया गया है, विनिर्मित उसी शृंखला के वैसे ही मेक, यथार्थता और कार्यपालन के तोलन उपकरण भी होंगे जो 5 ग्रा. या उससे अधिक के "ई" मान के लिए 500 से 10,000 तक की रेंज में सत्यापन मापमान अंतराल (एन) सहित 5 टन से 100 टन तक की अधिकतम क्षमता वाले हैं और "ई" मान  $1 \times 10^*$ ,  $2 \times 10^*$ ,  $5 \times 10^*$ , के हैं, जो धनात्मक या ऋणात्मक पूर्णांक या शून्य के समतुल्य हैं।

**S.O. 1886.**—Whereas the Central Government, after considering the report submitted to it by the prescribed authority, is satisfied that the Model described in the said report (see the figure given below) is in conformity with the provisions of the Standards of Weights and Measures Act, 1976 (60 of 1976) and the Standards of Weights and Measures (Approval of Models) Rules, 1987 and the said model is likely to maintain its accuracy over periods of sustained use and to render accurate service under varied conditions;

Now, therefore, in exercise of the powers conferred by sub-sections (7) and (8) of Section 36 of the said Act, the Central Government hereby issues and publishes the certificate of approval of the model of non-automatic weighing instrument (Weighbridge Type) with digital indication of medium accuracy (Accuracy class-III) of Series "WBT-30" and with brand name "CHETAK INDIA" (hereinafter referred to as the said Model), manufactured by M/s. Prem Industries, G1-18, RIICO Industrial Area, Khara, Bikaner-334 001, Rajasthan and which is assigned the approval mark IND/09/09/420;

The said Model is a strain gauge type load cell based non-automatic weighing instrument (Weighbridge Type) with digital indication of maximum capacity of 30 tonne and minimum capacity of 100Kg. The verification scale interval (e) is 5 kg. It has a tare device with a 100 per cent subtractive retained tare effect. The Light Emitting Diode (LED) indicates the weighing result. The instrument operates on 230 Volts and 50 Hertz alternate current power supply.

Sealing is done through the holes made in the indicator, then a wire is passed through these holes and the lead seal is applied on the wire. A typical schematic diagram of sealing provision of the model is given above.

Further, in exercise of the powers conferred by sub-section (12) of Section 36 of the said Act, the Central Government hereby declares that this certificate of approval of the said Model shall also cover the weighing instrument of similar make, and performance of same series with maximum capacity above 5 tonne and up to 100 tonne and with number verification scale interval (n) in the range of 500 to 10,000 for 'e' value of 5g or more and with 'e' value  $1 \times 10^k$ ,  $2 \times 10^k$  or  $5 \times 10^k$ , k being the positive or negative whole number or equal to zero manufactured by the same manufacturer in accordance with the same principle, design and with the same materials with which, the said approved model has been manufactured.

Passed on 15-06-2010

Central Government vide Notification No.L-42012/103/2007-IR (DU) Dated 10-03-2008, by exercising its powers under Section 10 sub-section (1) sub-section 2(A) Clause (d) of the Industrial Disputes Act, 1947 has referred the following Industrial Dispute for adjudication to this Tribunal:—

“Whether the contract between the management of PGIMER and M/s. A. N. Kapoor (Janitors) Pvt. Ltd., with regard to employment of Shri Tirbhuvan is not genuine and only a smoke screen? If yes, then whether the action of the principal employer, and if not, then whether the action of the contractor, in terminating the services of Shri Tirbhuvan w.e.f. 21-11-2006 is legal and justified? If not, to what relief the workman is entitled to?”

The notices were issued to the workman through Registered post on 14-03-2008, 15-10-2008, 08-04-2010 and 14-05-2010 at the address given in the reference. All the notices except the last one returned undelivered. The notice dated 14-05-2010 was not received back and it is presumed that it was served on the claimant. The claimant, however, failed to file any claim statement. The reference is accordingly answered against him. He is not entitled to any relief. Let a copy of the award be sent to the Central Government for further necessary action and record be consigned after due compliance.

Passed on 25-6-2010

Government of India vide Notification No.L-12012/192/2003-IR (B-II) Dated 19-1-2004, by exercising its powers under Section 10 of the Industrial Disputes Act, (the Act in short) has referred the following Industrial dispute for adjudication to this Tribunal :—

“Whether the action of the management of Asstt. General Manager, Syndicate Bank, Zonal Office, New Delhi in terminating the services of Shri Sukh Deve, Ex-Attendant, w.e.f. 12-11-1999 without complying with the provisions of sections 25-F, G and H of the ID Act, 1947 is just and legal? If not, what relief the workman is entitled to?”

In response to the notices issued by this Tribunal, both of the parties filed their respective pleadings. The case of the workman in nut shell is that he was engaged by

the management of Syndicate Bank as attender on 4-4-1991 and he served the management as such up to 11-11-1991, whereas, his services were terminated on 12-11-1993 without complying with the provisions of Section 25F, G & H of the Act. He has completed 240 days in all 9 consecutive calendar months in every year he has served with the management. Juniors to him were retained in the services, fresh hand were engaged after termination of his services without affording him any opportunity for work by the management. The workman has also narrated some facts regarding inter departmental correspondence between the manager of the Branch in which workman was working to his senior officials to prove that he was under the administrative control of the management. On the basis of the above facts the workman has prayed for setting aside the termination order and for a consequential order reinstating his services with all the consequential benefits. Management appeared and opposed the statement of claim. Preliminary objection was raised that workman was engaged purely on causal basis for the purpose of supply drinking water for the branch officials. He was never appointed as per the recognised channel of appointment. His entry was a back door entry without complying with any rules. His services were no way connected with the normal routine businesses functioning of the bank and as such, the protection of provisions of the Industrial Disputes Act, were not available to him.

Another objection raised by the management is that the workman being a casual worker has no right to post and cannot ask for the regularisation of his services.

On merits it is admitted that workman was engaged on purely causal basis in the absence of a regular attender on day to day basis for different periods. Without denying the completion of 240 days in the preceding year from the date of his termination as claimed by the workman, it is only mentioned by the management that daily wage is not entitled for the protection of the provisions mentioned in section 25F of the Act. On the contention of the workman that he was denied the minimum wages in spite of the orders of the senior officers of the bank, the management has contended that letter written by an officer of the bank does not create any equity or right in favour of the applicant and the applicant cannot drive any advantage for the same.

The management has further contended that workman was engaged purely on temporary basis. It was nothing but a contract of service. He was doing work as settled in the contract and the contradicted amount was paid to him.

Both of the parties were afforded the opportunity for adducing evidence. The workman filed his affidavit and he was cross-examined by learned counsel for the management on 8-12-2006. On behalf of the management Shri Shankar Lal filed his affidavit and he was cross-examined by learned counsel for the workman on 18-11-2008. Documents were

also filed by both for the parties which were marked exhibit as per rules and the procedure prevailing in the Tribunal. I have heard the parties at length. Learned counsel for the management has drawn my attention on the following laws:—

- (1) Executive Engineer, TRW, Workshop, UPP versus Presiding Officer, Labour Court and another JT 2009 (2) SCT, 363.
- (2) Himanshu Kumrar Vidhyarthi and another versus State of Bihar and others JT 1997 (4) Supreme Court 560.
- (3) A Judgment of Central Government Industrial Tribunal-cum-Labour Court, Jaipur.

I am not mentioning it because the judgment of the Court of concurrent Jurisdiction cannot operate as precedent. I shall perused the judgment for the judicial propriety. I have gone through the case laws relied upon by learned counsel for the management.

For proper adjudication of this reference, following issues (main point for determination) are hereby framed as follows:—

- (1) Whether a casual labour engaged by the bank is not entitled for the protection of provisions of Section 25F and H of the Industrial Disputes Act?
- (2) What will be effect if the initial appointment of a casual worker has been challenged by management being ultra-virus?
- (3) Whether equity favours the management as claimed by it in para No. 5 of the written statement?
- (4) Whether the workman was terminated illegally without complying with the provisions of the Industrial Disputes Act? If yes, its effects.
- (5) To what relief the workman is entitled?

I am answering and adjudicating the above points for determination one by one as follows.

So far as the issues No. 1 & 2 are concern these are interrelated and answered jointly. It is the contention of the management that workman was initially appointed as casual worker by the Manager of the concern branch without complying with the procedure. The bank has its own procedure for entering to the public office which was not complied with and follow in the case of the appointment of the workman. It is admitted by the management that workman has worked as casual worker for a long period. It is also admitted by the witness of the management that as per the vouchers filed by the management, workman has completed 240 days of work with the management in the preceding year from the date of his termination. On the documents filed by the workman the management has contended that the Manager was not authorized to right

such letters to the higher officers. The witness of the management has shown his ignorance about any correspondence between the Manager of the concern branch to the higher authorities. The workman has served more than 11 years with the bank. It is contention of the workman that he was initially lawfully appointed and has completed 240 days of work in every calendar year.

The correspondence between the branch Manager concern and the Senior Officers proved this contention. A letter bearing no. 8200/M/PO/2000 dated 07-03-2000 written to the AGM, Zonal Office, New Delhi which is at paper no. 20 of the file proves that in every calendar year the workman has worked more than 240 days. It is admitted by the witness of the management as well. There is a provision for appointment of a daily waged worker on casual basis in exigency of work. For exigency of work the workman was engaged as daily waged worker by the manager of the branch concern. The work was continuously taken for 11 years and on one fine morning the services of the workman were terminated without complying with the provisions of the act. When the workman was admittedly engaged on casual basis and the workman worked for a considerable period of time and has completed 240 days of work in the preceding year from the date of his termination, it is not open for the management to challenge the illegality of initial appointment. It is true that there are two separate classes of the employees. The daily waged worker constitute one class of employee, whereas, permanent employees appointment against the regular vacancies as per the procedure laid down in the rules constitute another class of the employee. The first class of the employee, meaning thereby, the class of the casual worker being paid the daily waged cannot claim the parity with the regular employees because they are not entitled for any post. It does not mean that there is no protection of law on the illegal termination of a daily rated workers. If it is considered that daily waged workers are not protected by any provisions of the Industrial Disputes Act, it will be presumption against the provisions of the Act. Industrial Disputes Act as a beneficiary legislation enacted for benefit of the particular class i.e. for workman. The daily waged worker qualified for the definition of the workman. His disengagement against the provisions of the law also qualifies for the definition of the retrenchment mentioned in the Act. Thus, for all purposes a daily waged worker is protected by the provisions of the act and that protection is regarding his illegal termination and priority to work.

The provisions of Industrial Disputes Act never barred the termination of any daily casual worker. But the termination is regulated. If the termination is not regulated as per the provisions of the Act, the termination will be void abinitio. Meaning thereby, the management had the right to terminate the services of the workman. If in the opinion of the management, the services of the workman were no more required, the termination shall be succeeded

by a month notice or payment of one month wages in lieu of notice and lawful terminal dues (retrenchment compensation). It is not done, as stated earlier, the termination will be void abinitio.

There is one more protection available to the daily wages casual worker under the provisions of Section 25H of the Act. If after the lawful termination, the services of a daily wages worker are required, the priority shall be given to the retrenches. If it is not done, as per the settled law of service jurisprudence, the workman is entitled of reinstatement on the same position on which he was earlier working.

For removal of doubts the protection of the workman is regarding the illegal termination and the protection of his right to work and not for regularization of his services. If this protection is considered to extend for the regularization of his services, it will amount to and by pass the rules for regular appointment to the public office. It is not the intention of the act. Thus, the protection is limited to the illegal termination and the protection of right to work.

Accordingly, I am of the view that a daily waged worker is also entitled for the protection of the provisions of Section 25F & H of the Act. As stated earlier, the management has continuously taken the services of the workman for 11 years and one fine morning his services were terminated without complying with the provisions of the Act. The management is estopped to raise the plea of illegality or irregularity of initial appointment. No persons can be left without remedy. The remedy for the protection of unlawful illegal termination is very well available in the Industrial Disputes Act. Moreover, this Tribunal is the Court of equity, justice and good conscious. The equity, justice and good conscious came into the picture when there are no specific provisions of law. Industrial Disputes Act specifically provides the procedure and the provisions. Thus, the management was bound to abide by the provisions of the Act before the termination of the services of the workman. If it is not done it will not be open, as stated earlier, to raise the issue of illegality and irregularity in initial appointment. Both of the issues namely issue no. 1 & 2 are accordingly disposed off.

The workman has pleaded that he has denied the minimum wages prescribed to a daily rated worker. To prove this contention he has filed entire departmental correspondence. This correspondence proved that he was denied the minimum wages and order was issued to pay the same but the order was not complied with. The management has raised the issue that by such letter written by an officer of the bank, no equity can be created in the favour of the workman. I am unable to understand for what equity the management is talking. Equity favours equity. He who seeks equity must do equity. It was not the equitable duty but the legal duty of the management to give the

minimum wages. This duty was recognised and admitted by the officers of the management in inter departmental correspondence related to the workman. Instead of that the workman was denied the right to minimum wages. The person who violates the provisions of law has no right to speak about equity. Apart from this, I am unable to write on denying the minimum wages because this issue was not referred by the Central Government nor at this stage this Tribunal can adjudicate the issue regarding the consequences of denying minimum wages. Accordingly, issue no. 3 is disposed off.

The workman was admittedly engaged in the year 1991 and he worked up to 11-11-1999. He has worked with the management regularly for 9 years plus except for few days breaks in the year 1993. Admittedly he has completed 240 days of work in the preceding year from the date of his termination. The inter departmental correspondence filed by the workman proves this contention as well that not only in the preceding year but in every calendar year the workman has worked for more than 240 days. It is also admitted that no notice or one month wages in lieu of notice and lawful retrenchment compensation was paid to the workman. This act of the management makes the termination of the workman illegal and void abinitio. The reasons shown in the departmental correspondence for retrenchment of the services of the workman and retrenchment thereafter without complying with the provisions of the Act is also an unlawful labour practice. After having the services of the workman who is the person belonging to weakest class of Indian society for a long period, terminating his services one fine morning even without telling the poor fellow the reasons of termination, in my view, is unlawful labour practice because it is not open to the management to violated the law and appoint other persons at the place of the workman. Thus, the services of the workman were terminated illegally without complying with the provisions of Section 25H.

The workman has unable to prove that any person junior to him was retained in the services. Thus, the violation of the provisions of Section 25G has not been proved. But the workman has further proved the violation of provisions of Section 25H. As per the contention of the workman one Shri Surjit Kaur was engaged after the termination of his services. The witness of the management has not denied this fact. He has shown his ignorance about the appointment of Shri Surjit Kaur. It was duty of the management to deny the fact specifically and place before this Tribunal the records relating to the appointment of Surjit Kaur, if Surjit Kaur is working with the management. Showing ignorance about the appointment of Surjit Kaur does not amount to denial of this fact. So, it corroborates the contention of the workman that one Shri Surjit Kaur was appointed after the termination of the services of the workman. Accordingly, the contention of the workman is proved as not denied by the management.

So far as the law laid down by Hon'ble the Apex Court in Himanshu Kumar Vidhayartha case (supra) and in Presiding Officer Labour Court's case cited above, I am of the view that the facts of the Industrial Disputes before this Tribunal are altogether different than the facts in which the law was given by the Hon'ble the Apex Court. In Presiding Officer Labour Court's case (supra) which was before the Hon'ble Pb. & Haryana High Court the matter was relating to the part time sweeper, whereas, this workman in the present case was engaged and working as whole time daily waged worker. In Himanshu Kumar Vidhayartha case (supra), it is mentioned by Hon'ble the Apex Court that daily wagger has no right to post. The daily wagger accordingly has no right for regularization of his services. This ratio of Judgment is applicable on this Tribunal and as such it has been applied by this tribunal while adjudicating this reference. This Tribunal has also hold that daily waged worker has no right to post and he cannot seek for regularization of his services. Whatever this Tribunal has held is that daily waged worker cannot claim for regularization of his services but he can claim for reinstatement of his services on the same position he was already working if his services have been terminated in violation of the provisions of Section 25F and H of the Act. Regularization of services and protection of right to work are two different issues. No order can be passed by this Tribunal for regularization of services of the workman. But this tribunal has jurisdiction to declare the termination illegal and for passing consequential orders.

Thus, from the above observation. I am of the view that services of the workman were terminated illegally without complying with the provisions of Section 25G and H of the Act.

Whenever, the services of a workman have been terminated illegally against the provisions of the Act, there are two possible remedies available to the workman. The first remedy is the reinstatement of the workman on the same position on which he was working at the time of his termination. The second remedy is regarding the reasonable compensation. It is the settled principle of service jurisprudence that priority should be given for reinstatement of the services of the workman. In case where there is violation of Section 25H of the Act. Only remedy is not available and that is the reinstatement of the services of the workman. It is proved before this Tribunal that services of the workman were terminated without complying with the provisions of Section 25H of the Act. Thus the only remedy and relief which the Tribunal can give is the order of reinstatement of the services of the workman.

The workman has worked for 11 years plus with the management. It is a fiduciary relationship between the management and the workman. In such fiduciary relationship the management is always in the position to dominate the will and desire of the workman. Few fortunate

workmen are able to get the copies of the documents lying in the custody of the management, otherwise, the copies of the documents are not even available to him. In such a case it is responsibility of the Tribunal to maintain a balance so that the management is not in a position to dominate the will of the workman during the pendency of the case before this Tribunal. Considering the above issue and the facts and circumstances of the case, I am of the view that workman should also awarded 50 per cent of the back wages. Accordingly, the management is directed to reinstate the services of the workman within one month from the date of publication of the Award. The management is further directed to release and pay 50 per cent of the back wages within one month from the date of publication of the award. Let appropriate Government be approached for publication of Award and thereafter file be consigned to record room.

#### AWARD

This is a reference made by the Central Government in exercise of its powers under clause (d) of sub-section 1 of Section 10 of the Industrial Disputes Act 1947 (the Act for short) vide Government of India, Ministry of Labour, New Delhi Order No.L-31011/6/2007-IR (B-II) Dated 8-10-2007. The terms of reference given in the schedule are as follows :—

“Whether Shri Peter Alexinho D'Souza, Seaman is a workman under Section 2 (s) of the Industrial Dispute Act, 1947 ? If yes, whether the action of the management of Chevron Manning Services Ltd., India in terminating the services of Shri Peter Alexinho D'Souza, from the services of the Company w.e.f. 2-9-2004 is justified, proper and legal ? If not, then what relief the workman is entitled to ?”

2. This matter is put up today on the application filed by the workman with a request to treat the matter as in today's board. Mr. Jaiprakash Sawant, learned Advocate is present with the workman today. None is present on behalf of the Management.

3. Mr. Jaiprakash Sawant submitted that he has already informed Mr. Alva, learned Advocate representing the Management this morning that the workman is going to file the present application with a request to dispose of the matter on the prayer of the workman himself and that the learned Advocate for the Management expressed no objection to such a prayer of the workman. Mr. Jaiprakash Sawant endorsed a note to the effect on the application filed today by the workman. Mr. Jaiprakash Sawant refers to the contents of the application dtd. 24-11-2008 by the workman and submitted that the workman has raised the dispute before the Director General of Shipping, Government of India, Mumbai under the provisions of Merchant Shipping Act 1958 and the workman does not want to proceed with the present reference by not pressing the same. The workman, present, also acknowledged the same as referred in his application. In such a situation let this matter be disposed of as the same is not pressed by the workman.

JUSTICE MANIK MOHAN SARKAR, Presiding Officer

It is hereby made clear that vide order dated 15-03-2009 passed by this Tribunal the enquiry against the workman was held to be proper, fair and in accordance with the principle of natural justice. Vide order dated 15-03-2009 opportunity for adducing evidence was afforded to the enquiry officer for limited purpose i.e. decision making of enquiry officer (perversity if any and on quantum of punishment).

Both the parties were afforded the opportunity for adducing evidence on decision making of the enquiry officer (if any) and on quantum of punishment. The workman appeared and filed his affidavit. He was cross-examined by learned counsel for the management in detail on 14-12-2009. Opportunity was given to the management for adducing evidence. This opportunity was not availed. Accordingly, vide order dated 16-03-2010, the enquiry of the management was closed. Workman was not awarded file was reserved for award. Workman's friend Mr. Sharma has also preferred to file the written appeal.

The workman was charge sheeted for fraudulently withdrawing the amount from the cash box. The workman admitted on 14-08-2006 that he has carried the amount. In his defence he has contended that no amount was found in the cash box for the cheques which were available in the cash box. He said that he carried and considered by the party. If this contention of the workman is believed, then, as per his statement given on oath on 14-12-2009, there is no explanation for an amount of Rs. 1,53,000 which was found short on 14-08-2006. If the two cheques for amounting to Rs. 1,53,000 are considered as cash found in the cash box, then out of that, Rs. 1,53,000 was short. The workman has admitted in his cross-examination that third cheque of Rs. 1,53,000 was not available in the safe. Moreover, the two cheques which were post dated for 30-06-2006 were used in the safe against the rules of department and against the practice prevailing in the bank. As stated earlier, if these two cheques dated 30-06-2006 are considered to be cash as cash, there is no explanation how Rs. 1,53,000 was found short? It is the case of the embezzlement. However, on the same day of the audit i.e. on 14-08-2006 the workman has admitted to carry the cash of Rs. 1,53,000 from cash box. He has not only admitted but has deposited Rs. 1,53,000 in different intervals from 11:30 AM to 7:15 PM on the same day. I have gone through the admission in writing by the workman on 14-08-2006. In pursuance of written admission the workman has deposited amount. The workman has challenged his admission on two grounds :-

- (1) He admitted the charge and deposited the amount out of fear of taking police action against him.
- (2) Another bank employee Smt. Meena Vyas who was the joint custodian of the cash with the workman was scot free. No action was taken against her.

So far as the first plea raised by the workman is concern, there is no iota of evidence of threat of police action against the workman. If the amount was got deposited in the bank under threat, the man of prudence would have complied to some authorities either police or the department. It was not done by the workman. Moreover, the shortage of Rs. 1,53,000 was in fact short and bank was at liberty to lodge the police complaint against the workman. It was the lenient approach of the bank that no police action was taken against him. In such types of cases police action and departmental enquiry both options are available to the management. The management opted not to lodge FIR but went for departmental enquiry. So the defence taken by the workman that he deposited the entire amount under the threat of police action is not sustainable and is beyond belief. Moreover, the charge against workman has not only been proved on his admission but independent witness (three in number) and the documents have proved the charges levelled against the workman.

So far as the second plea in defence taken by the workman is concern, it is not open to the workman that co-worker who was the joint custodian of the cash was scot free. Before the Tribunal the matter is whether the workman has misappropriated the amount of Rs. 1,53,000. This Tribunal has to confine whether the workman was illegally dismissed from the services. There will be no effect of failure of management for taking any action against Smt. Meena Vyas who was joint custodian of the cash with the workman because the charge levelled against the workman has been proved by the management beyond doubt.

On the basis of the above observations, I am of the view that charges were well proved against the workman and there has been no perversity in decision making of the enquiry officer. It is hereby made clear that this Tribunal cannot act as the court of appeal against the report of the enquiry officer and the order of disciplinary authority. This Court has very limited jurisdiction in reviewing the enquiry report and the punishment awarded by the disciplinary authority.

It is in the case of only glaring injustice in the workman on account of perversity (illegality committed) by the enquiry officer or the disciplinary authority, the Tribunal can invoke its jurisdiction. It is not the case in this industrial dispute.

On perusal of the materials on record, I am unable to trace out any perversity and illegality in decision making of enquiry officer and the disciplinary authority. Moreover, the punishment awarded to the workman is in proportionate to the committed misconduct. The reference is accordingly answered. Workman is not entitled for any relief. Central Government be approached for publication of award, and thereafter, file be consigned to record room.

### AWARD

The Central Government, Ministry of Labour vide its Order No. L-12011/56/2008-IR(B-II) dated 12-8-2008 referred the following Industrial Disputes to this Tribunal for adjudication.

The schedule mentioned in that order is:

“Whether the action of the management of Indian Bank in imposing the punishment of Reducing the pay by two stages in the scale of pay for a period of two years with further direction to the workman that he will not earn increment pay during the period of such reversion and on the expiry of the period, the reduction will have the effect of postponing further increments of his pay is justified? To what relief the workman is entitled?”

2. After the receipt of Industrial Dispute, this Tribunal has numbered it as I.D. 4/2009 and issued notices to both sides. The petitioner represented through Authorized Representative and the Respondent through Advocate and filed their Claim, Counter and Rejoinder Statement as the case may be.

3. The contentions raised in the Claim Statement bereft of unnecessary details are as follows:

P. K. Govindarajan's pay was reduced by 2 stages as in the reference while he was Agricultural Assistant in Chengam Branch of the Respondent/Bank. This was after issuance of a letter dated 18-6-2002. Show Cause Notice was issued on 10-7-2002. He in the meantime had been suspended on 28-6-2002. By reply dated 18-7-2002 he denied the charges but he was charge sheeted on 5-8-2002. Though the charges were proved baseless in the enquiry, the punishment was imposed on 31-3-2004 under Clause-6 (e) of the Bipartite Settlement dated 10-4-2002 but which is far beyond the scope of Clause-6 (e) but comes under Clause-6 (f). In appeal the punishment was upheld. Then the ID was raised which on failure this reference has occasioned. The workman, Assistant Secretary of the Association, a watch hunt by the authorities was targeted and victimized on false charge of insubordination not proved in the enquiry. The charges are that on 27-5-2002 he failed to write the Loan Sectional Daybook daily orally instructed to do so by the Branch Manager. When the Branch Manager issued office Order dated 29-5-2002 and called for his explanation and which Office Order Book sent to him through Durairajan, Sub-Staff was kept aside without signing and not returned to the Branch Manager. Then another Office Order was issued on 7-6-2002 which informed him that because of his non-compliance not only the Daily Daybook but also the submission of Daily Loan summary were delayed. On 8-6-2002 his explanation was called for within 3 days from the date of receipt of the letter. But there was no reply. On 19-6-2002 on permission over phone to come late by 1 hour he had not reported for duty

till 11.00 AM and there was "L" marked meaning 'Leave' against his name. At around 1.00 PM he initiated above the marking and claimed to have attended office. On 24-6-2002, the Branch Manager instructed him to work in the DD/SB/Deposit/Daybook Section. The Office Order sent to him was kept without signing and was not returned. He also did not work in the Section. He disobeyed the orders of the superior amounting to willful insubordination or disobedience, a gross misconduct under Clause-5 (e) which was denied. The domestic enquiry was biased in victimizing him. The finding is perverse. The Office Order dated 7-2-2003, 8-2-2003 and 10-2-2003 alleged served were not shown to the workman. The workman used to sign all Office Orders shown to him. The quantum of punishment violating Clause-6 (e) in letter and spirit is another victimization. It is clear that provision under Clause-6 (f) was also reckoned for the punishment, which is a clear case of witch-hunting and victimization of worst order. Clause-6 (e) reads "be brought down to lower stage in the scale of pay upto a maximum of 2 stages or Clause- (f) have his increment's stopped with or without cumulative effect". The workman who is punished under Clause-6 (e) and not Clause-6 (f) does not expressly stop earning of his future increments. It is clear that after losing two of his already earned increments he will earn his first of 2 reduced increments likewise when it becomes due. Anything more than as under Clause-6 (e) should not be added and Clause-6 (f) should not be taken into account while punishing under Clause-6 (e). Innocence of workman is proved in the enquiry but he is punished. The punishment violates the service conditions. It is victimization on false charges inflicting multiple punishments. The same is to be quashed and he is to be paid the arrears due.

4. The Counter Statement, contentions precisely read as follows:

Agricultural Assistants are in the Clerical Staff and should attend to other work assigned by the Branch Manager, Agricultural Assistants are also appointed in the clerical cadre in the scale of pay of clerical cadre but are also with a special allowance. Agricultural Assistants in a rural branch assist in the disbursement of agricultural loans. There was no explanation given by workman to memo dated 8-6-2002. Following investigation report of Senior Manager, Circle Office he was suspended and Show Cause Notice was issued to which he replied on 18-7-2002 refuting the allegations and which was not acceptable. On 5-8-2002 he was chargesheeted for the persistent refusal to obey orders. The enquiry was held and he was found guilty to which on 28-7-2003 the workman offered comments. On 7-1-2004 Show Cause Notice of proposed punishment was issued and also for personal hearing whereafter on 31-3-2004 the punishment was confirmed which is only justified and valid. The same is not to be reviewed under Section-11A. There is no victimization. It is not in violation of Clause-6 of Bipartite Settlement. The finding is not

perverse. The punishment is in accordance with the provisions of the Bipartite Settlement. The claim is to be dismissed.

5. In the Rejoinder Statement, the contentions in a nutshell are as follows:

The workman obeyed all the instructions of the Branch Manager. The charge of late attendance is mala fide and motivated.

6. Points for consideration are:

(i) Whether the reduction in the pay by two stages in the scale of pay for a period of 2 years with further direction to the workman that he will not earn increment pay during the period of reversion and on the expiry of the period the reduction will have the effect of postponing further increments of pay is justified.

(ii) To what relief the concerned workman is entitled?

7. The evidence consists of Ex.W1 to Ex.W17 on the side of the petitioner and Ex.M1 to Ex.M8 on the Respondent's side all marked on consent. No oral evidence was adduced on either side.

Points (i) & (ii)

8. The challenge is against the punishment and nature of punishment and the second challenge is against quantum of punishment as bring violative of provisions of Bipartite Settlements. According to the petitioner Association the workman is victimized on false charges, not proved. Even in the case of punishment it exceeded the scope of the provision. It is contended that the workman having denied all the charges and under the weight of evidence adduced his innocence is established but he remains punished against Bipartite Settlement provisions rendering it void. According to Petitioner's Representative Office Orders allegedly violated were not shown to the workman and that was the reason for his not signing the same and the consequent non-compliance with the directions which they purport to contain. This has been his case in the enquiry. There is nothing contra in the enquiry proceedings to show that the workman did not sign the Office Orders out of his own violation. Another contention is that it is not usual to make use of local delivery registers for internal communication which normally is done by delivery of letters under acknowledgement. Regarding late attendance on 19-6-2002 really the workman was with permission for an hour from the Manager and he in fact attended duty at 12.30 PM and worked late on the date to compensate it. The Respondent alternatively argued without admitting that even if the workman is guilty what is attracted is only minor misconduct attracting minor punishment. The misconduct may amount to neglect of or

negligence in work or duties and breach of discipline for running a department and unpenetral approach, where which punishments are usually warranted and not of adverse remarks or stoppage of increment for more than 6 months. But the charge sheet is silent on insubordination under the major misbehaviour. It is not in dispute that there has been non-compliance with the instructions issued by the Branch Manager to the workman for the discharge of certain duties. The point in dispute is whether petitioner has willfully defied the manager and/or he was not actually knowing the instructions or whether actual communication of the instructions or otherwise that he is not seen to have signed it. The predominant view of the workman is that he has not disobeyed any instructions of the Branch Manager. The case of petitioner is not based on being one of termination by dismissal, coverage or removal Section- 11A is not applicable for the appreciation of the evidence except in so far as it is one of perversity in the finding is involved. If a finding of guilt is not to be assailed for the reason that there is some legal evidence and in the domestic forum, legal evidence is not sinequanon. Some material which is logically probative to a prudent mind may not be strong enough to enter a finding which are present before the court. Therefore, the finding is only to be upheld.

9. Coming to the punishment imposed, there is no scope for interference for the reasons stated by me supra as gathered from the submissions and the written arguments of the Respondent it is evident that the Management has since done a course correction by upholding the petitioner's claim with regard to other part of punishment by restoring workman's basic pay dated 1-4-2006 thereby rectifying the second limb of the infraction viz. violation of provisions of Bipartite Settlement.

10. For the reasons aforesaid, it is only to be held that the punishment of reducing the pay by 5% range in the scale of pay for a period of 2 years with further direction that he will not earn increment pay during the period of such reversion is justified. The direction that on the expiry of the period the reduction will have the effect of postponing further increments of his pay is not justified. The petitioner is entitled to the relief to be awarded.

11. The reference is answered accordingly.

### AWARD

Passed on 26th day of May, 2010

1. The Government of India, Ministry of Labour vide its Notification No. L-22012/(194)/89-IR (C-II) dated 4-12-89 has referred the following dispute for adjudication by this tribunal:-

“Whether the action of the management of Duddichhua Project of N.C. Ltd. in dismissing Shri Rajbhan Singh, Dumper Operator w.e.f. 15-12-87 is justified? If not, then what relief the workman concerned is entitled to?”

2. The case of the workman, in short, is that the workman was appointed as Driver on 23-6-83 and was promoted to Dumper Operator Gr II, in 1984 and in Gr. I in 1986. The workman was on leave on 18-8-87 and 19-8-87 on account of his sickness and leave was granted by Shri Patel, Shift Incharge but Shri Krishna Kumar, Engineer cancelled his leave and marked him absent for two days. It is stated that he did not recover from illness and was on medical leave w.e.f. 22-8-87 to 2-12-87. It is stated that he was under the treatment of Dr. Badri Singh, Medical Officer, Government Hospital, Waidhan Distt. Sidhi and had furnished medical certificate to General Manager where it was directed to obtain counter signature of Sr. Medical Officer, Duddichhua on 3-12-07. He accordingly obtained the signature and submitted his joining to Dy. General Manager of the project who allowed him to join the duty in “C” shift on 3-12-87. When he reported for his duty in “C” shift, he was not permitted to sign on the attendance register by the time keeper on the instruction of Superintendent of Mines. The workman submitted his application on 12-12-87 to the General Manager for permitting him to join his duty as he was on leave and the information of his sickness was duly sent to the office but he was not allowed and the order of dismissal dated 15-12-87 was served on him. The said dismissal order shows that a chargesheet was issued on him on 21-8-87 behind the back and a departmental proceeding was conducted with false charges. It is stated that the workman was President of Rashtriya Colliery Mazdoor Sangh and therefore he was victimized by the management. It is submitted that dismissal order be set aside and the workman be reinstated with back wages.

3. The management appeared and filed Written Statement in the case. The case of the management, inter alia, is that the workman was working as Dumper Operator in Duddichhua Project of NCL, Singrauli. On 18-8-87 and 19-8-87, he was in “B” shift and was allotted duty to ply dumper. On both the days, he after marking present did not

operate the dumper and left the place without intimating the supervisor or superior authority. The Engineer Shri Krishna Kumar marked him absent by making specific remark in the column and informed the higher authority vide his letter dated 19-8-87. The workman got annoyed with the said Engineer and on 20-8-87 at about 2.50 PM, he assaulted, abused and man handled the said Engineer. The Engineer Shri Krishna Kumar submitted written complaint on 20-8-87 to the management. The management issued a chargesheet dated 21-8-87 to the workman by registered post which was returned unserved. The management initiated a departmental enquiry by appointing Enquiry Officer Shri P.N.P. Rai, Personnel Manager, Dudhichua and Management Representative Shri Rajender Ram, Sr. Executive Engineer Dudhichua. Enquiry Officer after holding exparte proceeding submitted the enquiry report. The Disciplinary authority after satisfied with the enquiry report, passed the order of dismissal from service on 15-12-87. It is stated that the workman committed serious misconduct by assaulting the superior while on duty and therefore the punishment was just and proper. Under the circumstances, the workman is not entitled to any relief.

4. On the basis of the pleading of both the parties, the following issues are recast for adjudication

- I. Whether the departmental enquiry conducted by the management against the workman was proper and legal?
- II. Whether the management is succeeded in establishing serious misconduct against the workman?
- III. Whether the quantum of punishment is justified?
- IV. To what other relief, the workman is entitled to?

#### 5. Issue No.1

This issue is taken up as a preliminary issue and the then Tribunal after considering the materials on record came to the conclusion that the departmental enquiry was not fair and proper and the domestic enquiry was held vitiated on 11-9-95. Thereafter the management was allowed to prove misconduct in Court. Therefore, this issue is accordingly answered before.

#### 6. Issue No.II

To prove the case, the parties have adduced oral and documentary evidence. According to the workman, he was sick on 18-8-87 and 19-8-87 and was allowed by Shift Incharge but the Engineer Shri Krishna Kumar cancelled his leave and marked his absent. The evidence adduced on behalf of the workman is completely contradictory. The workman, Raj Bhan Singh has himself contradicted from the pleading as has been given in the statement of claim. He has stated at Para-13 in his evidence that on 18-8-87 on 19-8-87 he was in the IInd shift and was allotted to ply dumper. He denied when it was suggested that 18 &

19-8-87 after making his presence he did not work and left the place of work. Thus it is clear that the evidence of the workman is not believable who has himself completely changed the manner of occurrence. The witness Shri Bholanath Upadhyay has also completely changed the manner of occurrence as has been pleaded in the statement of claim. It is evident that when the workman was absent on those days then the question regarding marking absent does not arise. The evidence of these witness is not reliable who appears to have concealed the real fact in question.

7. On the other, the management has examined oral and documentary evidence in the case. The management witness Shri Krishna Kumar was Superintending Engineer (Excavation) at Dudhichua Project. He has supported the case and is a victim. He has stated that the workman was allotted duty in IInd shift on 18 & 19-8-87 and after marking presence, he did not operate dumper. He informed the authority. Exhibit M/1 shows that he informed to DGM (Mines) regarding the above fact. This letter is fully corroborating the case of the management. He has further stated in his evidence that on 20-8-87, the alleged occurrence took place in the manner as has been pleaded in the Written Statement. He has further stated that on account of marking absent, the workman Rajbhan Singh assaulted him on the left side of the chest with fists and abused him by vulgar words. The word used is also stated in his evidence. He has stated that he complained the authority and was examined by the doctor. This fact is also corroborated from the documents. Exhibit M/2 is the complaint dated 20-8-87 whereby Shri Krishna Kumar informed the DGM (Mines) regarding the entire occurrence. Exhibit M/8 is the medical prescription dated 20-8-87 of the victim. This shows that the doctor found haematoma on the body of Shri Krishna Kumar which obviously resulted in assault because there is no other story to believe. Thus it is established from evidence that the workman committed injury to the Engineer by assault and the serious misconduct is established.

8. Another management witness Shri Mustaza Ali was Junior Mining Engineer (T) at Dudhichua Project from 25-10-86 to 11-6-93. He is also an eye witness of the occurrence. He has fully supported the case that the occurrence took place in his presence for marking absent to the workman of the days in which he had not worked after marking presence. There is nothing to disbelieve this witness. He was not inimical to the workman. His evidence appears to be trustworthy and proves the occurrence which was amount to grave misconduct of the workman. Another management witness Shri S.N.P. Rai has proved the documents. I find and hold that the management has succeeded in establishing misconduct against the workman. This issue is accordingly decided in favour of the management.

#### 9. Issue No. III & IV

Exhibit M/25 is the termination order dated 15-12-1987. This order shows that the workman Rajbhan Singh

was dismissed from the service considering the gravity of his misconduct. Considering the discussion made above, it is evident that the workman had assaulted and abused the superior at the work place during working hours which appears to be detrimental to the institution for strict discipline. I do not find any ground to interfere the punishment imposed by the management. I find and hold that the order of dismissal is just and proper and the workman is not entitled to any relief. Accordingly the reference is answered in favour of the management and against the workman.

10. In the result, the award is passed without any order to costs.

11. Let the copies of the award be sent to the Government of India, Ministry of Labour & Employment as per rules.

#### AWARD

Passed on 19th day of May, 2010

1. The Government of India, Ministry of Labour vide its Notification No. L -22012/260/99-IR (CM-II) dated 29-2-2000 has referred the following dispute for adjudication by this tribunal :—

“Whether the action of the management of SCECL, Gevra project, in deducting the wages of 1-1/2 hours per day for the period from 1-10-93 to 30-11-1995 i.r.o. Shri P.C. Upadhyay, clerk is justified? If not, to what relief the workman is entitled?”

2. The case of the workman, in short, is that the workman Shri P.C. Upadhyay was initially entered in the service of NCDC as a clerk in Sura Kachhar Colliery as a monthly rated employee prior to 1-1-1975. It is stated that he was Ex-NCDC employee and his service conditions cannot be changed. His working hours were only 6 1/2 hours per day. Subsequently he was transferred to Gevra project on 7-10-1991 to the office of General Manager, Gevra Area. Thereafter vide letter dated 14-8-1998, he was directed to work 8 hours per day. He lodged a protest but of no avail. It is stated that the management started deduction from the wages of the workman on the basis that he was not working eight hours per day. It is stated that he was transferred to the office of General Manager, Gevra Area on administrative reason but previously his working hours was 6 1/2 hours per day. The workman may be transferred on exigency of work from one station to another as per standard standing orders but his service conditions cannot be changed affecting to his right adversely. It is stated that the action of the management is illegal and amounts to unfair labour practice by deducting 1 1/2 hours per day from his wages. It is submitted that the award be passed in his favour with interest @ 18% per annum.

3. The non-applicant/management appeared and filed Written Statement. The case of the non-applicant inter alia is that the workman Shri P. C. Upadhyay is not an Ex-NCDC employee nor he is entitled to avail the benefit of Ex-NCDC employee. Moreover the employee appointed within the period of 1-10-56 to 14-8-76 are covered within the term Ex-NCDC. He was Governed by the service conditions finalized by the Central Wage Board for Coal Industry. It is stated that the said workman joined at Gevra area on transfer on his own willingness on 7-10-1991 and the working hours of monthly rated employees were eight hours at Gevra Area and the same is also in Mines Act 1952. The non-applicant has not changed the service

conditions of the workman. He is, therefore, not entitled to any relief.

4. On the basis of the pleading of both the parties, the following issues are recast for adjudication—

- I. Whether the workman was Ex-NCDC employee?
- II. Whether the service conditions of the workman was changed on transfer by directing him to work eight hours per day?
- III. Whether the workman is entitled to claim as has been referred by the reference?

#### 5. Issue No. I & II

Both the issues are taken up together for the sake of convenience. The workman has adduced oral and documentary evidence in the case. The workman, Shri P.C. Upadhyay has stated in his evidence that he was appointed as a clerk on 3-9-1974 and placed in Sura Kachhar Colliery on a monthly rated employee in the NCDC department. In Sura Kachhar Colliery his working hours were 6 1/2 hours per day. He has stated that paper No. 7/2 is photocopy of his appointment letter. The said appointment letter is filed by the management. This shows that the workman has admitted his appointment letter dated 2-9-1974. The appointment letter shows that it was issued by General Manager, Korba who was under the Umbrella of Coal Mines Authority Limited. There is nothing to show that he was in the employment of NCDC. The appointment letter further shows his service conditions. Para-C is the service conditions which is reproduced below :—

“You would be governed by the service conditions as recommended by the Central Wage Board for Coal Industry to the extent accepted by the Central Government. As regards, other conditions of service not covered by the accepted recommendations of the Central Wage Board, you would be governed as a rule, by the same terms and conditions of service as contained in the certified standing orders applicable to the daily rated and piece-rated workers of the Coal Mines and other establishments wherever you are posted. Your services will be further subject to any subsequent orders regarding the service conditions, working hours, leave, holidays etc. etc. any as may be issued by the Administration from time to time.”

Thus it is clear that his service conditions was governed as recommended by the Central Wage Board of Coal Industry to the extent accepted by the Central Government. It further shows that other service conditions not covered by the accepted recommendation as a rule were to be governed by the same terms and conditions of service as in the certified standing orders applicable to daily rated and piece rated workers of coal mines and other establishment where ever he was posted.

This itself shows that wherever he was posted the service conditions of that place were to be applicable as to the daily rated workers. The conditions further shows that the administration might issue orders time to time with regard to working hours etc. It also appears that he had to serve in any part of India. Thus it is clear that the service conditions of this workman was not governed by the existing rules of NCDC.

6. Another question is that by changing working hours as a result of transfer from one place to other, is deemed to be a change in the service conditions. The workman Shri P.C. Upadhyay and his witness Shri Kameshwar Singh have stated in their evidence that the workman was initially appointed at Sura Kachhar where the working hours was 6 1/2 hours a day and he was transferred to Gevra Project where he was asked to work for eight hours and his salary was deducted to the extent of 1 1/2 hours per day. To support this fact, the Union has filed a certificate of Dy. Personnel Manager Sura Kachhar which is marked as Exhibit W/1. This is filed to show that at Sura Kachhar Colliery, the workman's working hours was 6 1/2 hours per day. This is undisputed but the appointment letter of the workman shows that he can be posted in any where in India. Admittedly he was transferred to Gevra Project where the working hours was eight hours per day. This fact is supported by the office order dated 26-4-2004 of Gevra Area which is admitted by the parties and is marked as Exhibit W/3. This shows that prior to 3-5-2004, the working hours of Gevra Area was eight hours. The service conditions of this workman further shows that wherever he was to be posted in other establishment, the rules as per certified standing orders applicable to daily rated and piece rated workers of the said coal mines were to be applicable. Thus it is clear that at Gevra Area, the working hours was eight hours and the same was applicable to this workman as well.

7. The learned counsel for the workman submitted that he had not given any willingness to transfer to gevra Area. The office order dated 7-10-92 (Paper No.7/4) shows that the transfer had been made at his own request. However even if, it was not on his request the workman was unable to refuse his transfer in terms of his appointment letter. Thus the evidence shows that by changing the working hours due to transfer, the service conditions of the workman were not changed rather it was in the terms and conditions of his appointment.

8. The management has also examined one witness in the case. Shri K.A. Sundar is Personnel Manager in Gevra Project. He has stated that the workman was not Ex-NCDC employee and he was not entitled to the benefit extended to the NCDC employee. He was Wage Board Staff as it appears from his appointment letters. Considering the discussion made above, both the issues are decided in favour of the management and against the workman/ Union.

## 9. Issue No. III

In view of the above discussion, I find that the action of the management of SECL, Gevra Project is justified in deducting the wage of 1 1/2/ hours of the alleged period and therefore the workman is not entitled to any relief. Accordingly the reference is answered.

10. In the result, the award is passed without any order to costs.

11. Let the copies of the award be sent to the Government of India, Ministry of Labour & Employment as per rules.

## AWARD

The Central Government, Ministry of Labour vide its Order No. L-22012/378/2007-IR(CM-II) dated 17-2-2009 referred the following Industrial Disputes to this Tribunal for adjudication.

The schedule mentioned in that order is:

“Whether the demand of the Chennai Port and Dock Workers Congress for extending the benefit of Assured Career Progression Scheme to the Handling Mazdoors of the Port Wing of FCI is legal and justified? To what relief are the workman concerned entitled?”

2. After the receipt of Industrial Dispute, this Tribunal has numbered it as I.D. 27/2009 and issued notices to both sides. Both sides entered appearance through their Advocate and filed their Claim, and Reply Statement as the case may be.

3. The contentions raised in the Claim Statement bereft of unnecessary details are as follows:

91 Handling Mazdoors are working in Chennai Port Wing of Food Corporation of India (FCI). As per settlement since 1965 onwards wage, allowances and other monetary benefits of them are fixed on par with Port and Dock Workers Settlement from the date of their appointment. Previously, post of Maistry existed and Mazdoors were promoted to the post. With the abolition of the post of Maistry, Mazdoors stagnate without any career opportunity. Government of India introduced ACP Scheme on the recommendation of 5th Pay Commission from 9-8-1999 which provides upgradation for 12 and 20 years respectively for those who stagnate. The petitioner association represented on 23-4-2007 to the Respondent to consider the case of the Mazdoors but there was no step taken which compelled the petitioner to raise conciliation on 21-5-2000 which failed by which the reference is occasioned. The statement of Respondent in the reply dated 5-7-2007 before the conciliation that it was the labourers who forewent the post of Maistry by an agreement is incorrect. Since 1988 the workers have been stagnating. If the ACPs is extended several workers would have been benefitted. Against the term that higher scale of pay would be fixed but with no practical offer of higher pay scale no financial upgradation has been granted. The benefit applicable to Class-III and Class-IV can be extended

to the workers as they belong to Class-IV category, both being under the Statutory Bodies and as already extended to other Autonomous Statutory Bodies. Prior to 1988 FCI had three categories of workmen as Category "A", Category "B" and Category "C" Under 18(1) Settlement dated 4-7-1988 they are merged into one as handling Mazdoors without giving any higher scale under which "B" category workers will be classified as "A" and "C" category workers will be as "B" and later all will be classified as "A" category and which according the Respondent is an elevation. Actually "C" category is casual worker, "B" category is temporary worker and "A" category is regular employee. It is nothing but regularization and cannot be a promotion. The fact that no financial benefit was given shows that there was no promotion. The ACP Scheme was introduced by Personnel, Public Grievances and Pensions and whether the Respondent was a party to MoU does not arise. Based in the GO the Major Port and Dock Workers Federation arrived on a settlement on 2-8-2000 to implement the ACP. It is applicable to FCI Port Wing Workers on par with Port and Dock Workers. The Respondent is cast with duty to extend promotional opportunities. The benefit of settlement dated 2-8-2000 was extended to the members of the petitioner under Circular dated 28-2/28-3-2001. This benefit is denied to Chennai FCI Port Wing Mazdoor whereas it has been extended to all the FCI departmental labourers including Vizag Port throughout India. Circular No. 10 and 11 of 2000 shows that above the loader there are promotional opportunities as Mukadam, Tinel and a revised pay scale for the same for the FCI Departmental Workers at Mumbai City, Godown Manmad Pune etc. The discrimination is towards the FCI Chennai Port Wing Worker with not promotional avenues for ACP. As obtained information through Right to information Act D. Kothandam, Mazdoor, Traffic Department, Chennai Port was awarded financial upgradation under ACP Scheme from 8-10-2006. In his case with promotional avenues ACP was still extended. But in petitioner's case with no promotional avenues doing similar work the scheme is not extended. Non-extension of ACP to the petitioner members is unfair and unjustified. Hence the claim.

4. In the Reply Statement the contentions raised read briefly as follows:

The Port Wing of FCI was abolished long back and the mentioned 91 workers are receiving the minimum guaranteed wages without any work as per settlement. ACPs is not applicable to the labourers. The mentioned 91 labourers are governed by the Certified Standing Order and are excluded from the application of the FCI Staff Regulation, 1971, ACPs implementation is not warranted in their case. The departmental labourers cannot be termed as Class-III or Class-IV employees. It is not correct that the clubbing of "A", "B" and "C" categories together and re-designating as Handling Mazdoors is only a regularization and not upgradation. Due to closure of port operation of

FCI as early as in 2001 the 91 departmental labourers have become idle for more than 8 years receiving the minimum wages throughout without any work. In spite of that awareness the ID is raised without justifiable cause and the same is liable to be dismissed.

#### 5. Points for consideration are:

- (i) Whether the demand for extending of ACPs to the Handling Mazdoors of the Port Wing of FCI is legal and justified?
- (ii) To What relief they are entitled?

6. The evidence consists of Ex.W1 to Ex.W28 marked on consent subject to relevancy on the petitioner's side and Ex.M1 and Ex.M2 marked on consent on the Respondent's side. No oral evidence was adduced on either side.

#### Points (i) & (ii)

7. In sum and substance of the arguments advanced on behalf of the petitioner keenly asserts the claim of the petitioners for extension of ACP Scheme and the same is keenly denied by the other side. The prime contentions of the petitioners are that there is an ACP Scheme and it is not shown to be not applicable to the petitioner. It is further contended that upgradation given to petitioners is only regularization and not promotion because the scale in both the posts is the same. It is contended that there is no justification in denying ACP to them.

8. The arguments of the Respondent are that departmental labourers are not entitled to ACP which is only to the employees on the administrative side. Labourers are governed Industrial Standing Order and they do not even fall under the category of Group 'D' employees to become entitled to benefit as provided in Ex.M1 and Ex.M2. There is no settlement for creating any benefit to the workmen. Though under Ex.W25 settlement there has been a proposal to post them as Watch and Ward under Certified Standing Orders they are not to be absorbed as Class-IV. ACP is meant for only Group-III and Group-IV and not for labourers. Now they have become jobless. Since 2000 they are labourers getting minimum guaranteed wages without any work because of the closing of the port operations. Still ID is raised without justifiable cause and the same is only apt to be dismissed. Conceding to the arguments of the learned counsel for the Respondent which are apt. I am to hold that claim for extension of ACP to the Handling Mazdoors of the Port Wing of FCI is not legal and justified and they are not entitled to any relief.

9. The reference is answered accordingly.

This case coming up for hearing on 7-6-2010, this Tribunal-cum-Labour Court on 11-6-2010 passed the following

#### AWARD

This is a reference made under Section 10(1)(d) of Industrial Disputes Act. The reference is :

“Whether the termination of employment of Smt. T. Radhamani, Casual Worker by the

Management of Hindustan Latex Ltd., Peroorkada is justifiable or not? If not, what relief she is entitled to?”

2. The facts of the case in brief are as follows. In reference was made by Government of Kerala to Industrial Tribunal, Kollam. Later it was transferred to this court and received by this court on 10-2-2009. The workman Smt. T. Radhamani contends that she was appointed as a casual labourer in management establishment, Hindustan Latex Limited on 2-1-1982. It was promised by the management that she will be given preference at the time of regular appointment in future vacancies. Her service was terminated on 21-5-1982. She was re-employed as casual labour on 18-2-1984. She continued up to 8-2-1986 and completed 2 years of continuous service when she fell unconscious and was hospitalised. She applied for leave on 10-2-1986. However the management issued show cause notice on 28-4-1986 and explanation was submitted along with medical certificate and fitness certificate. But the management terminated her service by order dated 23-5-1986. She contends that the termination is illegal and against the provisions of I.D. Act. Several representations were submitted to the management. Complaints were filed before District Labour Officer, Trivandrum as well as Assistant Labour Commissioner (Central). None of the authorities considered the complaints. Similar employees who worked along with the claimant were absorbed in service. The worker has no other source of income. She is entitled to be reinstated.

3. According to the management the claimant was only a casual worker. She has no right for regular employment. Therefore the termination of service cannot be treated as illegal. The management being a Government of India undertaking appointments can be made only as per guidelines. The claim is stale and is to be discarded. She was terminated from service as per her own admission on 23-5-1986. The dispute was raised only in 1999. There is no explanation for the inordinate delay. It is not correct to say that she has been working from 1982 to 1986. From the records of the management she was engaged from 9-10-1985 onwards only. While working as such she remained unauthorisedly absent and accordingly her name was struck off from the list of casual employees. It is not correct to say that she had worked continuously. The management does not admit that she fell unconscious due to illness on 8-2-1986. The management had not received any leave application. The management had issued a show cause notice to the workman. But no reply was received from the workman. The management has not received any representation from the workman. The management does not admit that employment in the management was the only source of income. There is no illegality in striking off the name of the worker from the list of casual employees and the worker is not entitled for reinstatement or for any other relief.

4. In the light of the above contentions the following points arise for consideration.

1. Has the claimant worked continuously for 240 days in any year?

2. Is the termination legal?

3. Is she entitled for reinstatement?

4. The evidence consists of the oral testimony of W.W1 and documentary evidence of Exts. W1 to 17 on the side of the workman and Exts. M1 to M3 on the side of management.

6. **Points Nos. 1 to 3 :** It is the case of the worker. **Dev. T. Radhamani** that she was engaged as casual labourer in Hindustan Latex Limited, on 2-1-1982 and was retrenched from service on 21-5-1982. Thereafter she was re-employed as casual labourer on 15-2-1984 and worked continuously till 8-2-1986 when she fell ill and was hospitalised (para 1 of claim statement). Thereafter the management issued a memo and was terminated from service on 23-5-1986. But the management does not admit engagement of the worker either in 1982 or 1984. According to the management she was taken as casual labourer only from 9-10-1985. She left the service from 9-2-1986. Hence she was served with a show cause notice and was terminated from service.

7. The status of the worker is admittedly casual labourer. Hence unless she proves continuous service of 240 days or more in an year she is not eligible for the benefits of S.25-F of I.D. Act. The burden to prove continuous service as defined under Section 25-B of I.D. Act is on the workman. The worker has no case that she was in continuous service for 240 days during the initial engagement in 1982. She worked only for 3½ months in 1982. But the management has not admitted even that engagement. However, Ext. W.1 is a certificate issued by management on 8-8-1982 showing that the workman had worked from 2-1-1982 to 21-5-1992 for 55½ days. Though the contention of the management is not true there is no continuous service of 240 days during the year 1982. Thereafter she was re-employed according to her on 15-2-1984 and she continued to work so till 8-2-1986. From 9-2-1986 she was ill and hospitalised. This is also not admitted by the management. According to them as per the records of management she was engaged from 9-10-1985 onwards only. Hence the question is whether the contention of the worker that she was engaged from 15-2-1984 continuously till 9-2-1986 is correct or not?

8. Ext. W9, 10, M1 and M-17 are relied on by the workman to substantiate the contention of continuous service. Ext. W9 series are ID cards issued by ESI Corporation and another I.D. card issued by management to the worker. The ESI card contains the dates of entry in service as 1-4-1985. It is contended by the learned counsel for the worker that unless she had been working 3 months prior to the date of card she would not have been given as

ID cards by ESI corporation. But that alone will not prove continuous service of 240 days. Ext. W-10 is copy of PF Annual Statement of accounts in respect of the worker for the year 1986-87. It is submitted by the learned counsel for the worker that the statement is in respect of the contribution made during the previous year 1985-86. During the period 1985-86 she was in service till 9-2-1986. But from what date she was employed cannot be found out from Ext. W-10. Ext. M 1 is a list of casual employees engaged from 9-10-1985 till the concerned work was completed. The worker is Sl. No. 56 and C No. is 525. It was contended by the learned counsel that unless she was engaged prior to 9-10-1985 there was no occasion for allotting to the worker a casual worker number as shown in Ext. M1 list. The contention has no force as every worker is given ID card by the factory for the purpose of working in factory premises. It was then contended by the learned counsel for the workman that as per standing orders of the factory the management has to maintain a muster roll even for casual employees. Though certain records including Attendance Register were called for from management they were not produced by the management. The management in their counter affidavit replied that no muster roll or attendance register or PF contribution cards in respect of the worker under EPF Act for the period 1984, 85 and 86 are available. It was also submitted by the learned counsel that the worker had applied under Right to Information Act for certain records from the management, but on the ground that the documents were more than 20 years old, they were not supplied. Ext. W. 17 is an application dated 8-12-2009. The reply to Ext. W-17 application is part of Ext. W-17 and the reply is that since the documents were more than 20 years old prior to the application they are exempted from disclosure as per S.8(e) of RTI Act. The learned counsel for worker contends that the stand taken by the Information Officer is incorrect and documents even more than 20 years old can be furnished. However it is for the worker to prefer an appeal and get the documents if she succeeds. It is not for this court to express any opinion as to the decision of Information Officer.

9. The documents relied on by the worker would not show that she was engaged continuously for 240 days during any year. On the other hand Ext. W-11 notice of management dated 9-2-1984 issued to the worker asking her to report for employment as casual worker for 30 days, Ext. W-12 similar notice dated 14-5-1984 offering employment as casual worker for a short period, show that the engagement in 1984 was not continuous. Para 5 of written statement contains the averments that as per records she was engaged from 9-10-1985 onwards only. While so, she remained unauthorisedly absent from 8-2-1986 and her name was struck off from the list of casual employees. Para 3, 4 and 6 of the claim statement contain the averments that she fell unconscious while in service and was hospitalized on 8-2-1986 and she had applied for leave on 10-2-1986. However she was served with a memo to show-cause

regarding absence. On 28-4-1986 though she submitted an explanation with medical certificate she was terminated from service on 23-5-1986. Thus admittedly she had worked only up to 8-2-1986. As per Ext. M 1 she had worked from 9-10-1985 continuously till 8-2-1986. That means she had worked continuously for 4 months only which would come to 120 days. There is no other record to prove the contention of the worker that she had worked continuously for 240 days in an year. Still she was given notice admittedly on 28-4-1986. However she is not entitled to the benefits under Section 25-F of ID Act as there is no required continuous service as casual labourer. Hence there is no illegality in terminating the service of the worker on 23-5-1986 even without notice or compensation.

10. Though the management has a contention that the claim is stale as the dispute was raised after 13 years in 1999, there are records to show that she was knocking the doors of management and Labour Officers from 1987 onwards. Ext. W3 dated 23-10-1987 is a representation of the worker to the management. Ext. W4 dated 11-1-1993 is another representation submitted to the management. Ext. W5 dated 7-6-1994 is a complaint to the Assistant Labour Commissioner (C). Ext. W6 dated 7-8-1999 is a complaint to District Labour Officer. Ext. W7 dated 10-2-2005 is another complaint to District Labour Officer. Ext. W-15 is a notice issued from the office of DLO on 26-7-1994 to worker as well as management for a joint discussion. Ext. W-16 is a similar notice dated 19-1-2006. Thus the worker was making representation and complaining about termination from service from 1987 onwards. Therefore the contention of the management that the claim is stale is unsustainable. However as the termination is legal the worker is not entitled for reinstatement or for any other relief.

In the result an award is passed finding that the termination of employment of Smt. T. Radhamani is legal and justified and she is not entitled for any relief.

The award will come into force one month after its publication in the official gazette.

This case coming up for hearing on 24-8-2009, this Tribunal-cum-Labour Court on 17-9-2009 passed the following :

**ORDER**

This Industrial Dispute was referred by the Government of Kerala to Industrial Tribunal, Kollam and was numbered there as LD. 7/2007. But as per order dated 20-1-2009 it was transferred to this court being the appropriate court to adjudicate the matter. The worker filed this IA. praying for deciding the question of jurisdiction of this court to adjudicate and decide the dispute. Both sides were heard.

2. The order of the Industrial Tribunal, Kollam is as follows :—

"As this is a dispute to be adjudicated by Central Industrial Tribunal it is transferred to Central Industrial Tribunal, Ernakulam."

The management Company, Hindustan Latex Ltd. is a Government of India undertaking admittedly. The reference has to be made by appropriate Government defined under S.2(a) of Industrial Disputes Act. The relevant portion of the definition is :

"appropriate Government means :

- (i) in relation to any industrial dispute concerning any industry carried on by or under the authority of the Central Government..... the Central Government, and.
- (ii) in relation to any other industrial dispute, the State Government."

Since the management company is a Government of India undertaking held and controlled by Central Government the appropriate Government as per definition S2(a) is the Central Government. But by virtue of the notification of the Ministry of Labour dated 3-7-1998 the powers exercisable by the Central Government under Industrial Disputes Act and the rules, was decided to be exercisable also by the State Government in respect of all Central Public Sector undertaking and their subsidiaries, Corporations and autonomous bodies specified in the schedule to the notification. Sl. No. 56 of the Schedule is the management company. Therefore both Central Government as well as State Government could refer the dispute for adjudication. In this case it was done by the State Government to 2007. But while reference was pending before the State Industrial Tribunal, Kollam another notification was issued by the Ministry of Labour and Employment on 5-5-2008 whereby the prior notification was rescinded except in respect of things already done. In view of 2008 notification the power exercisable under I.D. Act. is vested only with the Central Government and its subordinates. In the light of this notification and in view of the fact that the appropriate Government admittedly being the Central Government the adjudication of the dispute has to be made by this court. Though the reference is made by the State Government by reason of 1998 notification it is unnecessary to drag the workman to Central Government authorities for formally complying with the procedure of once again referring the same dispute to this court. Hence I find that this court has jurisdiction to adjudicate the dispute. The office is directed to number the case and issue summons to the parties.
